Ads for NSA 2006 Program

Mail-In Receipt Deadline June 1st, 2006

All ads must either be supplied as camera-ready artwork, or as an electronic file on disk. Electronic format files that work well are tiff, pdf, etc. The ads will be printed at 300 dpi. Please do not send ads created in word-processing programs unless you are able to export the file as one of the formats listed above.

All ads will be **printed in full color!** However there is no guarantee to color match images supplied by advertisers. The basic page format is now 8 ½ x 11, which changes the shape of the ads from the initial specification. Ads must be appropriate for a family audience. In order to provide time to resolve potential problems with ad composition or format, please try to get ads in as early as possible.

NSA 2006 Hot Miami! Cool 3D! and its agents cannot be responsible for errors or omissions in program advertising.
